Subject: Anticipated New TLD Round

Hi John:

I'm just following up on our conversation of last week regarding the status of the applications for new TLDs from the 2000 round of proposals in light of the anticipated new round of proposals.

I would appreciate your confirmation of our discussion by your response to the following questions:

1. What is the status of the proposals for new TLDs submitted during the RFP process conducted by ICANN in 2000?
2. Will any applicant from the 2000 round of proposals received any special consideration from ICANN in future TLD application rounds as a result of their 2000 application?

Please let me know if you need any further information in answering these questions.

Best regards,

Scott
