Gao Xinmin
Vice President
Internet Society of China

Dear Vice President Gao,

Thank you for taking the time to meet with me and my team during my visit in Beijing.

I enjoyed our discussion and frank exchange of views. I have learnt a lot about China's Internet development, as well as the key role which the Internet Society of China (ISC) plays. I was impressed with the dialogue that your esteemed organization facilitates between the different Chinese stakeholders from business, academia, civil society and government.

As part of an ICANN At-Large Structure, your continued engagement is critical for the success of the multistakeholder model in ICANN, representing the voice of end-users. I hope that my team can continue to work closely with you to enhance our cooperation and facilitate your participation in ICANN's work. Thank you.

Yours sincerely,

Göran Marby
President & CEO ICANN
