RE: Request Under Documentary Information Disclosure Policy

Dear ICANN:

This request is submitted under ICANN's Documentary Information Disclosure Policy.

It is our understanding that in or around June 2017, ICANN VP Cyrus Namazi made a statement during ICANN's public meeting in South Africa where he explained ICANN's fiscal 2018 budget and indicated that ICANN predicts about 750 accredited registrars will close during the next 12 months due to the over saturation of the drop-catching market.

This letter requests all documents supporting or relating to Cyrus Namazi's statement regarding predicted loss of accredited registrars over the next 12 months, including but not limited to any studies or reports conducted or reviewed by ICANN on this issue. The public interest in having complete information about a public ICANN statement will outweigh the harm, if any, from such disclosure.

Let me know if you have any questions or need further information. I can be reached at Contact Information Redacted or (415) 955-1155 ext. 114.

Respectfully,

KRONENBERGER ROSENFELD, LLP
