

The Internet Corporation for Assigned Names and Numbers

8 May 2017

Ambassador Valentin Zellweger
Permanent Mission of Switzerland to the United Nations Office
Geneva

Dear Ambassador,

I write, on behalf of myself and my team, to thank you for hosting such a pleasant dinner on Friday. It was a wonderful setting with a lively and informative discussion about the future of the Internet.

As I mentioned in my remarks at the time, I am grateful for the welcome ICANN has had in Geneva and the ongoing collaboration with the Swiss Regulatory Authority BAKOM.

As we have discussed with the leadership of BAKOM, ICANN looks forward to working with all our Swiss friends in promoting IGF 2017 to make it a great success. I look forward to our continued cooperation and friendship, and trust we may be able to host you at a future ICANN Meeting or perhaps at our offices in Los Angeles.

Sincerely,

Göran Marby
President & CEO, ICANN
