

Dear colleagues,

This message is to inform you about an upcoming change in the IP addresses of ICANN's Registry SLA monitoring list at the [RRI probe node list interface](#). This change will take place on 26 June 2023 UTC.

The following IP address has been added at the [RRI probe node list interface](#); however, we are not performing SLA monitoring from the new IP address until the date mentioned above.

2a04:8340:0:ffff::2/128

Please update your systems allowing access to the new IP address. This is required to monitor your TLD(s) to work as described in Specification 10 of your Registry Agreement.

For any questions, please contact [ICANN Global Support](#).

Best regards,

Technical Services Team
Global Domains and Strategy
Internet Corporation for Assigned Names and Numbers
