Dear Sirs,

**REFERENCE: CALL FOR APPLICANTS FOR POSITION OF VOLUNTEER  
REVIEW TEAM MEMBER, AFFIRMATION OF COMMITMENT REVIEWS**

I am writing to express my interest in the recent call for applicants for the Volunteer Review Team in representation of a Supporting Organization or Advisory Committee and I would be grateful for your consideration of my application.

I am motivated to volunteer and serve in this capacity because of the unique and ubiquitous common-good service that the successful operation of the Internet's unique identifier system delivers for every single member of the Internet connected community.

The secure and stable operation and delivery of this common-good service is of global importance and ICANN's role and objectives in this respect are of paramount significance. In this light comprehensive oversight and assurance that the requirements of the Affirmation of Commitments are being met and their efficacy is crucial for all due diligence and governance stakeholders. A high degree of confidence is required in all these aspects, as well as the underlying review process, and this deserves no less than a robust, qualified and constructive review team whole can represent the range of community perspectives and voices while maintaining their independence, accountability and most importantly the transparency of the process.

I am a relatively new member of the Security and Stability Advisory Committee (SSAC), however, I believe I bring a strong technical security skill set and a commitment to public service and participatory policy development processes.

I have attached my professional CV, and gratefully appreciate your consideration in this regard.

Sincerely,

Duncan Hart
