

Honorable Selection Committee,

Your kind reference is invited to the subject position. I consider my profile as best suited for such responsibility as I have the right skill set and experience which will be beneficial to achieve the ICANN objective.

I am currently heading the Infrastructure (Networks, Systems and Security) wing of a Financial Company having around 400 branches in all over the country. In my previous role as Director Communications and Security I was member of the National IT Security team which reports to the National Telecommunications and Information Security Board where National Level activities on IT Security was undergone such as

- a) Drafting/Proposing National IT Security Policies.
- b) IT Security Audits
- c) Preliminary IT Security Incident Investigations.
- d) IT related Legislation.
- e) National issues in IT Security.

For my services to Government of Pakistan and I ,being part of the team which initiated many National IT Security activities, was appreciated by Cabinet Division and also I was awarded the Information Security Practitioner of Asia 2010. The both letters are attached.

In my previous jobs I, as IT Security Specialist of Islamabad Police, protected the first Police Network and established the Tier 3 level data centre in Saudi Arabia in the Bank Albilad Project.

Hence my experience, expertise and education make my profile a strong candidate for the subject post. **I am nominated by my society i.e. Urdu Internet Society, for which I am proud of.**

Thank you for your time.

With Best Regards,

Atif Nazar Ali, CISSP.
