

MINISTERIO DE RELACIONES EXTERIORES
DESPACHO VICEMINISTERIAL

Lima, **18 ABR. 2017**

Dr. Steve Crocker
Chair
Board of Directors
Internet Corporation for Assigned Names and Numbers (ICANN)
Los Angeles.-

Regarding the 58 ICANN Governmental Advisory Committee - GAC Communiqué (Copenhagen Communiqué), Section VI: GAC Consensus Advice to the Board, Sub-Section 4: 2 - Character Country/Territory Codes at the Second Level, the Government of Peru would like to reiterate its concerns on the use of two-letter country codes at the second level domain.

Furthermore, we would like to emphasize our right to be consulted, prior to the award by ICANN, on contracts to any given registry when the use of two-letter codes refer to our country.

Accordingly, we kindly request you to include the name of our country in the list of countries referred to in the Sub-Section 4, which advises the ICANN Board to engage with the scope of the above-mentioned Section VI: GAC Consensus Advice to the Board.

Sincerely,

NÉSTOR POPOLIZIO BARDALES
EMBAJADOR
Viceministro de Relaciones Exteriores
