Mr. Fadi Chehade
President and CEO
ICANN

Nomination letter

Dear Mr. Chehade

It is my great pleasure to write you this letter as a Government authority.

I am writing this letter regarding the "MN" country code top level domain and the "MOH" internationalized domain name. Just to inform you that "Datacom" Co.Ltd, private company has been handling the .MN ccTLD's distribution and administration in Mongolia for a long time. However, with current development of Internet, .MN domain name development is insufficient because there has not been developed government policy and regulation on this field until today, as well as Mongolian internet and domain name users are complaining about services of "Datacom". /We don't even have any statistics about .MN domain name/. In such reasons, Government of Mongolia has decided to have certain policy on .MN domain name and amended Government Resolution which is attached within.

According to the Resolution, Government of Mongolia has decided to develop policy on .MN domain name considering that the Communications Regulatory Commission (CRC) of Mongolia is the most appropriate authority to implement the regulation of .MN and .MOH domain names. As you may know that CRC is an independent Regulatory Authority, which is responsible for regulation of ICT sector including Broadcasting and Internet.

Depending on this Government Resolution, CRC is arranging meetings with "Datacom" Co.Ltd, and discussing about the current situation and conducting open consultations within Mongolian internet users/stakeholders for several times. We assume that they will have some results on how to coordinate and regulate this domain name related issue.

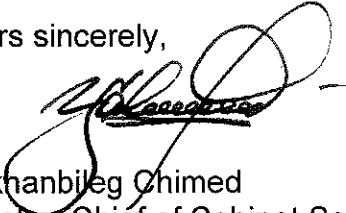

Meantime, I'm kindly requesting to change the representative of the Government of Mongolia, Mr. Enkhbat Dangaasuren, to the Governmental Advisory Committee of ICANN because he is not a Member of Parliament anymore so that he is not able to be a representative of the Governmental of our country from our perspectives.

In order to implement the above mentioned Government Resolution, I would like to officially nominate Mr. Balgansuren Batsukh, Chairman of the Communications Regulatory Commission as a representative of Mongolia to the Governmental Advisory Committee of ICANN.

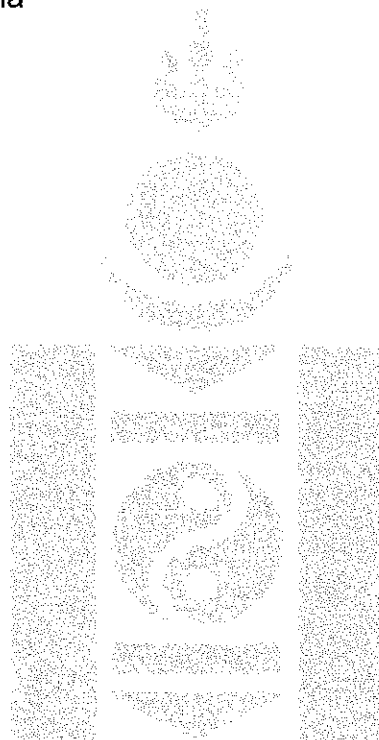

This is what I am requesting your kind approval and confirmation and I would appreciate your kind attention to this matter.

I'm looking forward to your prompt response.

Yours sincerely,

Saikhanbileg Chimed
Minister, Chief of Cabinet Secretariat
The Government of Mongolia

RESOLUTON OF THE GOVERNMENT OF MONGOLIA

Date: 05 January 2013

#1

Ulaanbaatar city
