Ari,

Hope you are well. I am responsible for ICANN's US government relations. Thank you for sharing the letters Mr. Shimkus and Me. Ruiz sent to domain name registries and registrars. As part of ICANN's commitment to transparency, we generally publish correspondence we receive and send to <https://www.icann.org/resources/pages/correspondence>. Could you please let me know if we may publish your email and the eight letters? Thank you.

Best,

Jamie Hedlund
