Dear Professor Udsen,

With this letter, I wanted to thank you formally for all the efforts that you and your team have deployed throughout the last few months to prepare ICANN's 58th conference in Copenhagen.

This was one of our most successful meetings so far, with over 300 sessions taking place between 11 and 16 March 2017, on a range of policy and technical matters crucial in shaping the technical evolution of the Internet. It was also one of the busiest meetings, with over 2,500 registered attendees, from all over the globe. This was in large part due the preparations with your team.

The quality of the Bella Center Copenhagen, as well as the friendliness and efficiency of all involved were key in ensuring that success.

I look forward to the next occasion that will bring me to wonderful Copenhagen,

With my very best wishes,

Göran Marby
President & CEO, ICANN
