Re: .kred Request for Two-Character SLD RSEP

Dear Michael Deparini,

ICANN has conducted a preliminary review of RSEP Ticket ID I4R2W-9V2S5 to introduce two-character domains to the marketplace, in accordance with the Registry Services Evaluation Policy and process provided at: <https://new.icann.org/resources/pages/policy-bd-2012-02-25-en>.

Based on the information provided, ICANN's preliminary review did not identify any significant competition or security and stability issues. Implementation of your proposal is the first type of request in the new gTLD space and would require an amendment to the .kred Registry Agreement between KredTLD Pty Ltd and ICANN (dated 19 December 2013). As a result, ICANN will post the amendment for public comment.

ICANN looks forward to working with you on the proposed amendment that will be posted for public comment, and will provide amendment language to help facilitate discussions.

If you have any questions, please respond back to the GDD Portal via the case comment feature.

Regards,
Registry Services Team
