 - b. Failure to maintain and make available to ICANN registration data and records available upon request by ICANN, as required by Sections 3.4.2 and 3.4.3 of the RAA.

ATTACHMENT

Failure to provide documents and information for audit

Section 3.14 of the RAA requires PT Ardh, as part of any reasonable contractual compliance audit, to timely provide the documents and information known by PT Ardh necessary to demonstrate compliance with the terms of the RAA.

As detailed in the chronology below, ICANN sent PT Ardh multiple notices regarding the requirements of ICANN's Audit Program. To date, PT Ardh has not responded and has not contacted ICANN regarding the Audit Program. PT Ardh's failure to respond to and provide the requested documents and information in response to the audit is a breach of Section 3.14 of the RAA.

Failure to retain registered name holder and registration data and failure to make such data available for inspection and copying

Sections 3.4.2 and 3.4.3 of the RAA requires registrars to maintain registered name holder ("RNH") and registration data, and to make those records available to ICANN upon reasonable notice. PT Ardh's failure to provide the requested registration records and data related to the notices detailed in the chronologies below is a breach of Sections 3.4.2 and 3.4.3 of the RAA.

Failure to display a link to ICANN's registrant rights and responsibilities webpage

Section 3.15 of the RAA requires registrars to clearly display a link on its website to ICANN's registrant rights and responsibilities webpage. PT Ardh's failure to provide a link on its website to ICANN's registrant rights and responsibilities webpage is a breach of Section 3.15 of the RAA.

Failure to clearly display a link to renewal fees, post-expiration renewal fees (if different) and redemption/restore fees on registrar's website

Section 4.1 of the ERRP requires registrars to make their renewal fees, post-expiration renewal fees (if different) and redemption/restore fees reasonably available to RNHs and prospective RNHs at the time of registration of a gTLD name. At a minimum, these fees must be clearly displayed on the registrar's website and a link to these fees must be included in the registrar's registration agreements. PT Ardh's failure to provide a link or clearly display these fees is a breach of Section 4.1 of the ERRP.
