Dear Ms. Heather Dryden

I am writing to you in your capacity as GAC Chair and a co-selector for the Accountability and Transparency Review Team 2013 in accordance with the Affirmation of Commitments, and to confirm the decision of the Danish Business Authority to volunteer with my candidacy for the review team.

I am currently Director General Telecom for the Danish Business Authority with the overall responsibility for international relations and will be leading the Danish delegation at the World Conference on International Telecommunications in December. I have more than 20 years experience as national regulator of the telecom area and as Director General my portfolio was extended to cover all ICT policy areas in 2002 including DNS and Internet governance. In that capacity I have followed ICANN and its development for a decade. In October 2009 I was elected chair of OECD's Committee for Information, Computer and Communications Policy (ICCP). For these reasons I feel that I can offer the knowledge and experience in order to fulfil the required skills of a team member as described in the call for applicants as posted by ICANN on 5 October 2012.

Attached is my full resume for your consideration and along with this letter I would be grateful if you would consider these as my formal submission to be considered as a volunteer for the Accountability and Transparency Review Team 2013. As requested in the call for applicants this letter will also be send to rtcandidatures@icann.org.

Yours sincerely

Jørgen Abild Andersen
