

**Declaration of Interests and Affirmation regarding Conflicts of Interest Policy
BY FIONA M. ASONGA for participation in the ICANN Affirmation of Commitments
Second Accountability & Transparency Review Team**

1. Current vocation, employer and position: *BUSINESS EXECUTIVE, TELECOMMUNICATIONS SERVICE PROVIDERS ASSOCIATION OF KENYA (TESPOK), CHIEF EXECUTIVE OFFICER*

2. Type of work performed in 1 above and declaration of relationships with entities holding a Financial (or declarable) Interest in ICANN:

My work involves

- *Exchange Point Development and Management*
- *Information Technology System Development and Management;*
- *Policy Development and implementation;*
- *Industry Cybersecurity Deployment*

Being a global stakeholder on the internet related issues and having signing the .ke ccTLD management agreement between private sector, the government of Kenya and ICANN to establish KENIC the .ke manager, TESPOK has no other relationships with entities holding financial interest in ICANN.

3. Identify any financial ownership or senior management/leadership interest in registries, registrars or other firms that are interested parties in ICANN policy or any entity with which ICANN has a transaction, contract, or other arrangement:

TESPOK and The government of Kenya through the Communications Commission of Kenya (CCK) each have 50% shareholding in KENIC the .ke manager. TESPOK contributed the technical and CCK the financial support. TESPOK has a seat on the KENIC Board of Directors alongside CCK and other groups that have been invited to participate in the management of the ccTLD. TESPOK members form the largest registrars in Kenya though very few of them are ICANN Accredited.

4. Are you, or a company you work for:

- Currently an applicant for a new gTLD?** *NO*
- Providing advice to any current or future new gTLD applicants?** *NO*
- Otherwise involved in an application submitted for the New gTLD Program, such as providing service in support of an applicant or having a financial interest in an applicant?** *NO*

If your answer is yes to any of the above, please identify the interest you have in the application submitted for the New gTLD Program.

5. Identify any type of commercial interest in ICANN policy development outcomes. Do you represent other parties in any PDP or other ICANN related processes?

I am involved in the Address Supporting Organization where through ICANN global policies are created on the distribution and management of IP Address space by IANA. As a representative of commercial entities who are members of TESPOK the impact of IP address policies and how these are distributed and managed by IANA has a significant impact on the following within my country and region:

- *The competitiveness of local IP based business entities in comparison to global based entities*
- *The ability for local IP based businesses to grow*
- *The ability for the average African to access affordable online connectivity; being that uptake within this region is slow due to a number of other factors as well.*

I represent AFRINIC in the ICANN - ASO and NRO policy development processes

6. Geographic Region associated with the nationality of volunteer (Africa, North America, Latin America/Caribbean, Asia/Australia/Pacific and Europe): *Africa*

7. Stakeholder Group(s) AC's or SO's in which I volunteer or currently participate within ICANN:
ICANN - ASO

Except as described above, I have no (i) ownership or investment interest in any entity with which ICANN has an existing or proposed transaction, contract, dispute, or other arrangement; (ii) a compensation arrangement with any entity or individual with which ICANN has a transaction, contract, dispute, or other arrangement; and (iii) a potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which ICANN is negotiating a transaction, contract, dispute, or other arrangement.
