- Rome / Kuala Lumpur: EU RALO launch
Policy activities: Wildcards

- First statement on Sept 16th
  - Concerns of the community
  - Request to stop service
- Solicited community comments
- Second statement on Oct 13th
  - Preserving users’ right to choose
  - Keeping innovation at the edge
- Co-sponsored workshop in Carthage
Policy activities: New gTLDs

- Final document on Oct 9th
  - Open market competition
  - ICANN should not judge usefulness of new TLDs
  - ICANN should not judge business models
  - “No-harm” approach!
  - Time to turn this into a predictable and steadily running process
  - Lower barriers (technical, continuity…)
  - More geographical and linguistic diversity
Policy activities: WHOIS

- Participation in GNSO WHOIS Steering Group
- Raised review of data elements collected and displayed as issue with GNSO
- New statement on Oct 29th (yesterday), making the case for registrant privacy (see http://alac.icann.org/)
- Support and willingness to participate in the President’s WHOIS Committee
More activities: WSIS

- Informal participation by some ALAC members in WSIS PrepComs
- WSIS workshop in Carthage on 29 Oct.
- Very important for the ICANN community to be informed about what is happening at WSIS
- At Large could bring a good contribution to the discussion and bridge contrapositions
Thank you
