RE: NOTICE OF TERMINATION OF REGISTRAR ACCREDITATION AGREEMENT

Dear Mr. Tesler:

Be advised that the Internet Corporation for Assigned Names and Numbers ("ICANN") Registrar Accreditation Agreement ("RAA") with Mobiline USA, Inc. ("Mobiline") is terminated. This termination is based on Mobiline's failure to escrow gTLD registration data pursuant to Section 3.6 of the RAA and failure to pay accreditation fees pursuant to Section 3.9 of the RAA. This termination shall be effective 7 June 2010.

ICANN demands that Mobiline remove all of ICANN's trademarks immediately from Mobiline's website and business materials that were licensed to Mobiline under the terms of the logo license Appendix to the RAA, as this logo license is revoked.

Failure to escrow gTLD registration data pursuant to Section 3.6 of the RAA

Section 3.6 of the RAA requires Mobiline to, "on a schedule, under the terms, and in the format specified by ICANN" to "submit an electronic copy of the database described in Subsection 3.4.1 [of the RAA] to ICANN or, at its expense, to a reputable data escrow agent mutually approved by Registrar and ICANN."

On 15 April 2010, ICANN sent Mobiline a Notice of Breach of Registrar Accreditation Agreement for failure to escrow registration data. Mobiline failed to cure the breach in the time period allowed by the RAA.

Based on Mobiline's failure to cure the breach of Section 3.6 and in accordance with Section 5.3 and 5.3.4 of the RAA, ICANN hereby gives Mobiline notice that Mobiline's accreditation will terminate 7 June 2010.

Failure to pay accreditation fees pursuant to Section 3.9 of the RAA

Section 3.9 of the RAA requires registrars to timely pay accreditation fees, consisting of yearly and variable fees. Mobiline currently owes ICANN \$18,263.38 in accreditation fees, of which \$15,775.35 is 90 days, or more, past due.

On 20 April 2009, ICANN sent Mobiline a Notice of Breach of Registrar Accreditation Agreement for failure to pay accreditation fees along with a detailed customer statement. Mobiline failed to cure the breach in the time period allowed by the RAA.

Based on Mobiline's failure to cure the breach of Section 3.9 and in accordance with Section 5.3 and 5.3.4 of the RAA, ICANN hereby gives Mobiline notice that Mobiline's accreditation will terminate 7 June 2010.

Conclusion

Based on Mobiline's failure to cure the breaches set forth in ICANN's notices of breach dated 15 April 2010 and 9 April 2009, ICANN is terminating the RAA with Mobiline, effective 7 June 2010. In the interest of protecting domain name registrants, ICANN must immediately commence the domain name transition process and solicit bids for a qualified ICANN accredited registrar to manage the domain names currently managed by Mobiline.

To facilitate the transition of the domain names currently managed by Mobiline, ICANN will follow its De-Accredited Registrar Transition Procedure (Procedure) <http://www.icann.org/en/processes/registrars/de-accredited-registrar-transition-procedure-01oct08.pdf>. ICANN encourages Mobiline to read the Procedure in its entirety. Consistent with the Procedure, we are requesting that Mobiline designate a transfer recipient on or before 20 May 2010. Please contact ICANN's Registrar Liaison Team at RegTransition@icann.org to designate a bulk transfer recipient. We anticipate the full cooperation of Mobiline during the domain name transition process.

Kindly note, however, that your designation of a bulk transfer recipient does not prejudice ICANN's right to the Registration Data Escrow data and other rights under the RAA, as well as ICANN's right to transfer names to a registrar of our choosing selected pursuant to the Procedure.

Be advised that termination of Mobiline's RAA does not relieve Mobiline of the obligation to pay accreditation fees thereunder, which should be paid immediately. ICANN
