MEMORANDUM OF UNDERSTANDING

between the

CHINA ACADEMY OF TELECOMMUNICATION RESEARCH OF MIIT

and the

INTERNET CORPORATION FOR ASSIGNED NAMES AND NUMBERS

WHEREAS the China Academy of Telecommunication Research of MIIT; a national research institute in telecommunication and Internet area with its head office located at 52 Hua Yuan North Road, Hai Dian District, Beijing, 100191, China (CATR).

WHEREAS the Internet Corporations for Assigned Names and Numbers; a public benefit, not for profit corporation with its head office located at 12025 Waterfront Drive, Suite 300 Los Angeles, CA 90094-2536, USA (ICANN).

CONSIDERING As a national research institute, CATR serves as a think tank for making public policy as well as a platform for coordinating industry policy, and that CATR has been committed to security, stability and healthy development of China’s Internet as well as Chinese Internet community’s participation in Internet related international affairs.

CONSIDERING ICANN’s mission is to coordinate, at the overall level, the global Internet’s system of unique identifiers, and in particular to ensure the stable and secure operation of the Internet’s unique identifiers, and that ICANN is acting to follow its mission and core values as set forth in Article 1, Sections 1-2 of the ICANN Bylaws, respecting the creativity, innovation, and flow of information made possible by the Internet by limiting ICANN’s activities to those matters within ICANN’s mission requiring or significantly benefiting from global coordination.

CONVINCED that the cooperation and collaboration between the parties would further common objectives, promote two-way collaboration, strengthen active participation in ICANN’s policy-making processes, and strengthen the support for the multi-stakeholder participation and governance model of the Internet.

NOW, THEREFORE the Parties have agreed to enter into this Memorandum of Understanding (MOU).
ARTICLE 1 – Objective and Areas of Cooperation

1.1 The objective of this MOU is to explore opportunities to build a non-exclusive partnership program between the Parties to engage the Internet Community in China and the Asia-Pacific region.

1.2 The Parties will, in particular, explore opportunities to build a cooperative working relationship, in identified areas of common interest, in order to:
   - Foster dialogue to promote mutual understanding, exchanging information and material regularly on laws, policies and rules that are being developed or in existence;
   - Promote and encourage Chinese participation and involvement in ICANN, fostering a network of national and/or regional stakeholders and decision makers that could contribute to ICANN’s policy development processes;
   - Promote multilingual access to, and participation in ICANN’s work, and to respect other aspects of cultural diversity.

ARTICLE 2 – Cooperation Machinery

2.1 This MOU is a non-binding statement of mutual intentions of the parties. The execution of specific activities or projects under this MOU will require the signing of a separate and formal agreement between the Parties documenting the relevant activity or project and outlining each party’s obligations thereto.

2.2 The Parties to this MOU will explore and identify the various areas in which, and the concrete activities for which, effective and practical cooperation may be possible as well as ways and means for carrying out joint cooperation efforts. Any exchange of information concerning projects or programs of the parties shall be subject to the policies and procedures of the respective organizations.

2.3 Possible components of this collaboration might address (but are not limited to):
   - Improving accuracy and timeliness of the translation of ICANN policy documents into Chinese.
   - Improving ICANN’s communication with Chinese communities and deepening the understanding of ICANN by the Chinese government, media and industry.
   - Aligning academic and public research in IP address and domain name areas.
   - Discussing and exchanging opinions on Internet governance.
   - Promoting Chinese community's participation in ICANN affairs and attendance of ICANN meetings.

ARTICLE 3 – Financial Arrangements

The Parties agree that they will each use their own funds or funding sources to perform their respective responsibilities under this MOU. This MOU does not represent any commitment with regard to funding on the part of either party.
ARTICLE 4 – Privileges, Immunities and Facilities of ICANN

Nothing in this MOU may be interpreted or construed as a waiver, express or implied, or a modification, of the privileges, immunities and facilities which ICANN enjoys by virtue of the international agreements and national laws applicable to each.

ARTICLE 5 – Entry Into Force, Duration and Termination

This MOU enters into force on the date of its signature by both Parties and remains in effect unless terminated by either party with advance written notice to the other. It shall terminate sixty (60) days after the date of such notice. If the MOU is terminated by either Party, steps shall be taken to ensure that the termination does not affect any prior obligation, project or activity already in progress.

ARTICLE 6 – Channel of Communication and Notice

6.1 For the purpose of facilitating the implementation of the working arrangements to be established by the Parties in the framework of this MOU, the contacts for communication in the first instance for the Parties will be:
