<sup>1</sup> The Cooperative Engagement Process (CEP) is a process voluntarily invoked by a complainant prior to the filing of an Independent Review Process (IRP) for the purpose of resolving or narrowing the issues that are contemplated to be brought to the IRP. (*See* Bylaws, Art. IV, §§ 3.14-3.17.) Cooperative engagement is expected to be between ICANN and the requesting party, without reference to outside counsel. The requesting party may invoke the CEP by providing written notice to ICANN, noting the invocation of the process, identifying the Board action(s) at issue, identifying the provisions of the ICANN Bylaws or Articles of Incorporation that are alleged to be violated, and designating a single point of contact for the resolution of the issue. Further information regarding the CEP is available at: <https://www.icann.org/en/system/files/files/cep-11apr13-en.pdf>.

<sup>2</sup> The Independent Review Process (IRP) is a process by which any person materially affected by a decision or action by the Board that he or she asserts is inconsistent with the Articles of Incorporation or Bylaws may submit a request for independent review of that decision or action. (See Bylaws, Art. IV, § 3.) In order to be materially affected, the person must suffer injury or harm that is directly and causally connected to the Board's alleged violation of the Bylaws or the Articles of Incorporation, and not as a result of third parties acting in line with the Board's action. Further information regarding the IRP is available at: <https://www.icann.org/resources/pages/mechanisms-2014-03-20-en>.
