While I appreciate that ICANN staff did the correct thing eventually, sending me an email earlier this afternoon stating:

"After consulting with the Working Group Co-Chairs, you have been added as an Observer on the two Sub Groups."

there was no good reason not to have added me on ****May 19th**** when I asked (now making my archives incomplete, etc., for searching). On May 26th, I added the Complaints Office to this thread, and for the record (and for the benefit of those who might be in a similar situation in the future, who shouldn't have to put up with what I've had to endure), I do ***not*** drop that complaint, and hope that she will investigate and make a report accordingly.

And also for the record, it did not go unnoticed that the first 2 minutes of Tuesday's sub group call had me on the agenda:

Really? (that of course got erased quickly)
