As of August 29, 2017, more than two months after the above two-day meeting, there are still no transcripts available for either June 24 or June 25, only one chat transcript (June 24), and no Adobe recording or mp3 for June 25.

Will ICANN make the recordings and transcripts available, and if so, when? If the answer to the above is "no," please give the reason(s), for not making the transcripts and recordings available.

Sincerely,  
John Poole, domain name registrant and editor [REDACTED]
