Mission Statement

From CSC Charter:

• “The mission of the CSC is to ensure continued satisfactory performance of the IANA function for the direct customers of the naming services. The primary customers of the naming services are top-level domain registry operators, but also include root server operators and other non-root zone functions.”

• “The mission will be achieved through regular monitoring by the CSC of the performance of the IANA naming function against agreed service level targets and through mechanisms to engage with the IANA Functions Operator to remedy identified areas of concern.”

Community

- First CSC Charter review
  - Joint ccNSO, RySG responsibility, start by October 2017
  - To any resulting changes to be agreed by GNSO and ccNSO
• PTI performance is very good - some minor metrics missed, no customer service impact nor operational problems

• CSC is coming together as a committee and is working through its ‘to do list’

• The whole process is working very well
  • problem areas are being identified immediately and corrective measures being developed cooperatively
  • areas where SLE implementation may need changes have been identified
  • ICANN CEO has initiated dialogue with CSC Chair

• ICANN community needs to plan for reviews
  • RySG and ccNSO need to initiate CSC Charter review process for October 2017 launch
