### **Re: Notice of Breach of .JOBS Registry Agreement**

Dear Brian:

As we discussed earlier today, and as part of ICANN's involvement in the cooperative engagement process, ICANN has agreed to extend the 30-day period provided in Section 6.1 of the .JOBS Registry Agreement, and referenced in ICANN's 27 February 2011 Notice of Breach letter, to 15 April 2011. That is, ICANN may terminate the .JOBS Registry Agreement before its expiration if the breaches identified in ICANN's 27 February 2011 Notice of Breach letter are not cured by 15 April 2011. As I stated in my 18 March 2011 letter to you, additional extensions to the deadlines set forth in the Notice of Breach letter, will be considered in light of the progress Employ Media makes on the issues we have been discussing in the cooperative engagement process.

Should you have any questions, please do not hesitate to call me. Thank you.

Sincerely,

Eric P. Enson
