

Letter of motivation

Dear Sir/Madam,

I hereby apply for a Position of Volunteer Review Team Member representing ccNSO.

I am working for the Danish registry DK Hostmaster and Danish Internet Forum, as COO of both organizations. I have participated in every ICANN meeting since June 2009, so I believe to have an in-depth understanding of ICANN's role and the basic Internet ecosystem in which ICANN operates. I was the Danish representative in GAC from 1999 – 2000.

I am a strong supporter of the multistakeholder model; with this in mind I am very interested in being a part of the ATRT2 Review team. I find it important to be a part of the team that ensures that ICANN fulfils the task of being a multistakeholder organisation with the necessary open dialogue and transparency. Currently I am a part of the ccNSO Finance Working Group which is about to finalize its work.

I am a strong team player by nature, and believe that I am good at empowering people and allowing everyone's voice to be heard in a group, as well as encouraging people to do their outmost. I am familiar with and like to communicate with different stakeholders, nationalities and personalities, and like to think of myself as an open-minded person with a good sense of humour.

Best regards,

Lise Fuhr
