### Executive Summary of Unaudited Financial Results For the Nine Months Ending March 31, 2016

#### **Overview - ICANN Operations and New gTLD Program**

The total ICANN change in net assets is \$50.7M higher than budget for the first nine months of FY16 mainly as a result of (i) unbudgeted Auction Proceeds (\$43.7M); (ii) higher than budgeted revenues for ICANN Operations (\$10.4), (iii) underspend in planned operations for ICANN Ops (\$3.4M) and the New gTLD Program (\$6.4M) (see below); and (iv) total ICANN investment gains of (\$0.1M); partially offset by (v) lower revenue recognized for the New gTLD Program (\$10.4M) as a result of the extension of the evaluation period for the New gTLD program as well as favorable contract negotiations and internalization of contracting process for the program resulting in lower expenses and revenues recognized for the period and (vi) unbudgeted risk and historical development costs for the New gTLD Program (-\$2.9M).

The Funds Under Management by ICANN increased by \$19.8M during the first nine months of FY16 to a total of \$345.8M, mainly as a result of (i) net funds collected from contributors/ parties of (\$85.4M), (ii) auction proceeds collected (\$42.3M) and (iii) Reserve Fund gains of (\$0.1M) partially offset by (iv) general operating expenses for ICANN Ops (-\$92.0M); and (v) the payment of refunds and evaluation expenses and general operating expenses for the New gTLD Program (-\$16.0M).

#### **Financial Position**

The Funds Under Management decreased by \$19.8M during the period as a result of the following:

- A decrease of the ICANN Operations funds by \$11.5M due to:
- (i) payments to vendors/ employees of \$101.9M, \$9.9M of which were on behalf of the New gTLD Program, and
- (ii) the depreciation of investments for \$0.7M, partially offset by
- (iii) funds collected from contributors/ parties of \$85.4M and
- (iv) the reimbursement to ICANN Ops from the New gTLD Program for direct/allocated costs for \$4.7M and Historical Development Costs for \$1.0M.
- An increase of the New gTLD funds by \$31.4M due to:
- (i) Auction proceeds received of \$42.3M
- (ii) the appreciation of investments for \$0.9M, partially offset by
- (iii) the reimbursement to ICANN Ops from the New gTLD Program for direct/allocated costs for \$4.7M and Historical Development Costs for \$1.0M.
- (iv) payments to vendors of \$5.4M,
- (v) the net refunds to New gTLD applicants of \$0.7

The decrease of the deferred revenues balance of \$27.1M corresponds to:

- (i) the amount of revenues recognized for the New gTLD program \$25.0M and
- (ii) the net refunds to New gTLD applicants \$2.3M

#### **Support and Revenue**

Revenues for ICANN Ops were \$10.4M favorable to budget primarily due to: (i) higher Registry fees \$5.0M resulting from higher registry fixed fees \$1.7M and higher registry transaction-based fees \$3.4M; (ii) higher Registrar fees by \$7.0M due to the one-time register application fees resulting from the application of new registrars and higher accreditation fees by \$2.6M and higher registrar transaction fees by \$4.3M; partially offset by (iii) lower RIR fixed fee -\$0.6M; (iv) lower meeting sponsorships -\$0.5M; (v) lower ccTLD contributions by -\$0.5M.

Revenues for New gTLD program were \$33.3M favorable to budget primarily due to net auction proceeds of \$43.7 partially offset by lower revenues recognized of \$10.4M as a result of the extension of the evaluation period for the New gTLD program.

#### **Operating Expenses**

Personnel costs for ICANN Ops were favorable to budget \$4.0M primarily due to lower fringe benefits rates than planned. Personnel costs for the New gTLD Program were \$1.0M favorable to budget due to fewer hires than planned and lower fringe benefits rates than planned.

ICANN Ops Travel and Meetings costs were favorable to budget \$1.6M primarily due to lower per trip rates than budgeted and planned travel not taken by stakeholders and staff. The New gTLD Program Travel and Meetings costs were favorable to budget \$0.2M due to the timing of staff travel.

Professional Services costs for ICANN Ops were \$3.3M unfavorable to budget primarily due to the timing of planned activities across the organization partially offset by independent legal costs for the USG Transition project. Professional Services costs for the New gTLD Program were \$4.6M favorable to budget due to the extension of the evaluation period for the New gTLD program as well as favorable contract negotiations and internalization of contracting process for the program.

Administrative costs for ICANN Ops were \$0.9M unfavorable to budget primarily due to higher than planned expenses for build up of critical IT infrastructure. Administrative costs for the New gTLD Program were \$0.5M favorable to budget primarily due the timing of budgeted expenses.

Bad debt expenses were \$0.5M favorable to budget. On the basis of the historical trend of uncollectible receivables, the level of bad debt on reserve at the end of Q1 was sufficient and therefore no additional bad debt expenses were reserved during the period.

Depreciation costs were \$0.7M unfavorable to budget primarily due to underestimated depreciation in the FY16 budget.

#### Other Income /Expense

Due to market fluctuations, the ICANN Ops investment accounts had unrealized losses of \$1.4M and realized gains of \$0.7M and the New gTLD investment accounts had realized losses of \$0.2M for the period. The New g TLD program also had \$1.1M of dividends and interest on the investment accounts.

Notes (1) and (2): See "Funds Under Management"

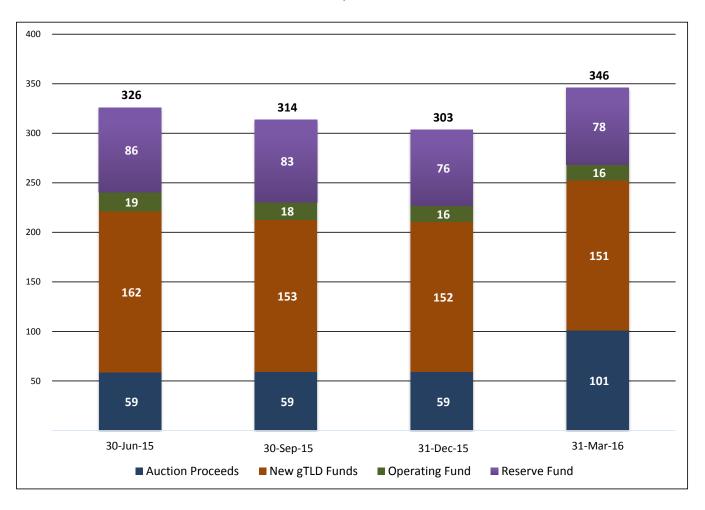

#### Note (3)

The reduction of payables is driven by the timing of expenses and related payments.

#### Note (4):

The reduction of deferred income is resulting mainly from the revenues recognized during the quarter on the new gTLD program, reflecting from the progress of the evaluation process, and from the refunds of application fees.

### ICANN Funds Under Management As of March 31, 2016 US Dollars, in millions

New gTLD **Auction Proceeds** increased (+\$42.3M) in the first nine months of the fiscal year due to the receipt of funds for the two auctions held during the fiscal year.

**New gTLD funds** decreased \$11.0M mainly as a result of: 1) net refunds to applicants and disbursements to vendors of (-\$6.1M), and 2) the repayment to ICANN Ops for Historical Development costs and accumulated direct allocated costs incurred on behalf of the program (-\$5.7M), partially offset by the appreciation in the market value of investments (+\$0.9M).

There were net transfers of \$90.9M from the New gTLD cash accounts to the New gTLD investment accounts during the first nine months of the fiscal year.

The ICANN Operations **Operating Fund** decreased \$3.6M as a result of 1) payments to employees/ vendors of (-\$101.9M), \$9.9M of which was on behalf of the New gTLD Program, partially offset by 2) the net impact of cash received from contracted parties of (+\$85.4M), 3) the transfer from the Reserve Fund for the reimbursement of USG Transition Project expenses of (-\$7.3M), and 4) the cash received from the New gTLD Program for repayment of Historical Development costs and accumulated direct allocated costs incurred on behalf of the program (+\$5.7M).

The ICANN Operations **Reserve Fund** decreased \$8.0M as a result of the transfer to the Operating account for the reimbursement of USG Transition Project expenses of (-\$7.3M) and the depreciation in the market value of investments of (-\$0.7M).

ICANN
Cash Flows Synopsis
