INDUSTRY SUMMIT

RICHMOND, BC - CANADA
(Vancouver Metro Area)

Sponsorship Opportunities

What is the **GDD Summit**?

The GDD Industry Summit provides contracted parties an opportunity to engage and address issues of mutual interest and importance. This forum enables direct and one-on-one interaction with members of ICANN's GDD team. It is not a typical ICANN meeting, nor is it solely intended for discussions of policy.

More than **450** participants from 60 countries attended the 2017 summit in Madrid.

Participants included:

- gTLD, Brand and Geo registries
- ICANN-accredited registrars
- gTLD resellers
- gTLD hosting providers
- Registry service providers

Why Become a Sponsor?

The GDD Industry Summit gives sponsors an opportunity to showcase their businesses or services to members of the global domain name system marketplace.

Choose a package that meets your marketing objectives – or talk with us about creating a custom package – to increase your visibility with this select audience of industry insiders.
