**Subject:** [Ext] Proposed Interim Models for Compliance with ICANN Agreements and Policies in Relation to the European Union's General Data Protection Regulation

Dear Madam, Dear Sir,

I think that the Model 1 THICK WHOIS has at least to be adopted in order for the owner of IP rights to be able to react if needed, against the owner of a domain name, as it is the case against the owner of a trademark or a corporate name.

Kind regards

**Martine BLOCH WEILL**
