Subject: [Ext] Feedback on Layered Approach – Request for extension of deadline

Dear ICANN,

We hereby request on behalf of the GAC that the deadline set to 10 January for “feedback and suggestions about the layered access approach described in Part 3 of the Hamilton legal analysis“ in the 21 December [blog post\[icann.org\]](#) be extended to at least 17 January 2018.

This is required for the GAC to finalize its contribution on this critical matter.

Many thanks and best regards
