George Sadowsky

1) NETmundial

Engage through a multistakeholder environment, to obtain proposals for a middle-ground solution to end polarization post-WCIT. Promote consensus and participate on a roadmap for continued dialogue post-NETmundial.

2) /1net

Partner with other organizations to establish a broad, cross community stakeholder movement to reinforce the value of the multistakeholder model and the future of global Internet governance mechanisms.

**3) The Panel on Global Internet Cooperation and Governance
Mechanisms**

Global stakeholders gathered by ICANN, the World Economic Forum, and the Annenberg Retreat at Sunnyslands, to propose model for evolving Internet governance ecosystem based on common Internet Governance principles. Develop consensus on panel comprised of academia, civil society, business, governments and technical community.
