Re: IDN Roll-out

Dear Paul,

The Mobile Top Level Domain Registry [mTLD] respectfully requests authorization to begin accepting internationalised domain name [IDN] registrations containing hyphens in the third and fourth positions, pursuant to Appendix S of the Registry Agreement between mTLD and ICANN. This request is in anticipation of our expected roll-out during Q3/4 2008.

mTLD is supportive of the Guidelines for Implementation of IDNs as published in June, 2003 and will adhere to same with respect to any of its pending IDN offerings. We also commit to co-operating with ICANN in good faith to review the Guidelines at regular intervals as required.

Thanking you in anticipation.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Trey Harvin', written over a horizontal line.

Trey Harvin
CEO

Cc: Kurt Pritz, Senior Vice President, Operations
Craig Schwartz, Chief Registry Liaison
Tina Dam, IDN Program Director
