The IANA Stewardship Transition and Enhancing ICANN Accountability Processes

**IANA Stewardship Transition**
- ICG
- CRISP
- CRISP Team
- Domain Names
- Number Resources
- Protocol Parameters
- IANAPLAN WG
- A liaison mechanism will:
  - 1) Identify any overlaps or gaps
  - 2) Inform timelines between the processes
- Work Stream 1
  - Focused on mechanisms enhancing ICANN accountability that must be in place or committed to within the time frame of the IANA Stewardship Transition
- Work Stream 2
  - Focused on addressing accountability topics for which a timeline for developing solutions and full implementation may extend beyond the IANA Stewardship Transition
- The IANA Stewardship Transition final proposal will be transmitted to NTIA by ICANN
- The current IANA functions base contract expires on 30 September 2015

**Enhancing ICANN Accountability**
- CCWG Accountability
- Up to 7 advisors
- PEG
- Work Stream 1
  - Focused on mechanisms enhancing ICANN accountability that must be in place or committed to within the time frame of the IANA Stewardship Transition
  - The output from Work Stream 1 will be transmitted to NTIA by ICANN
- Work Stream 2
  - Focused on addressing accountability topics for which a timeline for developing solutions and full implementation may extend beyond the IANA Stewardship Transition

**Assessing accountability within the two processes**

**IANA Stewardship Transition Final Proposal**
- Assessment of each operational community’s respective oversight and accountability to the IANA functions

**Enhancing ICANN Accountability Process**
- Assessment of ICANN’s accountability in light of its changing historical relationship with the U.S. Government
