

Esteemed Colleagues in the ICANN Community,

In response to the call for volunteers to serve on the Review Teams as prescribed in the provisions in the Affirmation of Commitments, I hereby offer myself for consideration. Specifically, I am applying for the Review Team member position through the Address Supporting Organization.

My active participation and leadership in the North American Internet operational community has earned me respect and admiration that which brought me to a leadership role in the area of regional and global Internet governance in 2004. As having served as Chair and Co-Chair of the Address Council in the Address Supporting Organization for the past 3 years, I believe that my experience and my increasing involvement in global Internet governance can be put to good use on the Review Team with the eventual goal of evolving the ICANN organization so that we may continue to see the Internet as "a transformative technology that will continue to empower people around the globe, spur innovation, facilitate trade and commerce, and enable the free and unfettered flow of information. "

Thank you for your consideration.

Yours,
Louie Lee
Chair, ICANN ASO Address Council
