Subject: Please review: New Blog regarding Data Protection/Privacy & GDPR

Dear GDD Stakeholder,

Please be advised the ICANN organization published a new blog and additional materials related to data protection and privacy that we recommend all registries and registrars review. The materials are available here: <https://www.icann.org/resources/pages/data-protection-announcements-2017-12-08-en>

If you are attending ICANN 61 there will be a number of sessions related to data protection and privacy, specifically the European Union's General Data Protection Regulation (GDPR) and how it affects the ICANN ecosystem. Many of these sessions will be interactive and your participation as a contracted party is welcome. You can find the full schedule
