## GDD UPDATE

### IANA Satisfaction Survey Posts Positive Results

ICANN recently published the results of an annual survey conducted by Ebiquity, an independent marketing and media consultancy firm, that measures the perception of satisfaction among customers of the Internet Assigned Numbers Authority (IANA) functions regarding the services they receive. In its fifth year, this survey is the first completed since Public Technical Identifiers (PTI) started performing the IANA functions on behalf of ICANN. [Read the announcement](#) and [review the full report](#).

### New Consensus Policy Protects Certain Specific IGO and INGO Identifiers

ICANN announced that all ICANN contracted parties for generic top-level domains (gTLDs) must implement the new Consensus Policy concerning the protection of certain specific names of identifiers of intergovernmental organizations (IGO) and international nongovernmental organizations (INGO) in all gTLDs. [Read the full announcement](#).

### Ambassadors Needed to Promote Universal Acceptance

The Universal Acceptance Steering Group (UASG) is looking for industry leaders to help create awareness of Universal Acceptance (UA) and Email Address Internationalization (EAI) among software developers, systems architects, and senior IT executives. These UA ambassadors, to be selected by the UA Coordination Group, will hold their positions for one year.

The UASG is also seeking a software developer practitioner and technical marketing specialist. [Learn about open opportunities](#).
