**ACTION ITEM:** Paul Vixie to refer Daniel Karrenberg’s suggestion about an expedited process Caucus membership process for individuals expressing interest in joining an ongoing work party to the Membership Committee for consideration.

**RSSAC Mailing List Archive Discussion**
Lars-Johan Liman asked the RSSAC if the discussion about the RSSAC mailing list archive could be postponed until ICANN 51. Paul Vixie suggested a formal discussion take place on the mailing list to allow for a vote on the next RSSAC teleconference.

**ACTION ITEM:** Daniel Karrenberg to initiate a formal discussion on the RSSAC mailing list about the archive.

**ICANN 51 Schedule**
Lars-Johan Liman reviewed the final RSSAC schedule for ICANN 51 and discussed possible agenda items. Paul Vixie asked that the IETF draft (draft-lee-dnsop-scalingroot-00) be added to the agenda for the next RSSAC teleconference, as he will not be able to attend RSSAC working sessions at ICANN 51.

**ACTION ITEM:** Carlos Reyes to ensure that draft-lee-dnsop-scalingroot-00 is added to the agenda for the next RSSAC teleconference.

**Upcoming Internal Processes**
Lars-Johan Liman reviewed two upcoming internal processes that the RSSAC will have to address: 1) the re-appointment of B, C, K, and M representatives to the RSSAC, and 2) the election of an RSSAC co-chair. These are:
First, appointment of B, C, K and M representatives

1) On 1 October, Staff asks B, C, K, and M representatives on the RSSAC to provide a point of contact in their respective root server organizations (RSOs) capable of making recommendations on behalf of the RSO to appoint RSSAC representatives.

2) On 8 October, Liman sends a notice to the point of contact in these organizations requesting for appointment or reappointment of representatives to the RSSAC for the three-year terms that begins on 1 January 2015 and ends on 31 December 2017.

3) By 22 October, 2 weeks after receiving the correspondence from RSSAC, the point of contact in these RSOs provide RSSAC Co-Chair the name and contact information of their desired representatives.

4) By 30 October, Staff prepares the board paper for ICANN Board confirmation of B, C, K, M's representatives to the RSSAC.

5) ICANN Board passes the resolution in its next meeting.

Second, election (or re-appointment) of RSSAC co-chair

6) Follow 1.2.2.1 of the current RSSAC Operational Procedure to elect a co-chair. (start this process by 22 October when the RSSAC co-chair receives confirmations for B, C, K and M representatives to the RSSAC).

There were no objections to Lars-Johan Liman’s proposal.

**ACTION ITEM: Steve Sheng to implement Lars-Johan Liman’s proposal for the re-appointment of B, C, K, and M representatives and the co-chair election.**

**ACTION ITEM: Marc Blanchet to draft a statement about the liaison relationship between the RSSAC and the IAB.**

The RSSAC discussed if and how to number the Operational Procedures Document. It was decided that RSSAC 000 should be assigned to this document. To align with IETF practice of updating key process documents, future substantial updates to the Operational Procedure Document will be given a new document number.

**ACTION ITEM:** Steve Sheng to distribute the final Operational Procedures Document to the RSSAC and to publish it as RSSAC 000.

### Reports from Work Parties
Lars-Johan Liman asked for reports from the RSSAC 001 and RSSAC 002 Work Parties. Terry Manderson was not present to provide an update from the RSSAC 001 Work Party. Daniel Karrenberg provided a brief update from the RSSAC 002 Work Party, noting there are no substantive issues preventing completion of work by the November 2014 deadline. Steve Sheng mentioned that to keep Caucus momentum, it is important for work party leaders to acknowledge the input received and address them in an open and transparent manner.

### Future Work Items
