Re: .ORG, The Public Interest Registry Notice of Fee Increase

Dear Dr. Twomey,

This is notice by Public Interest Registry (PIR), pursuant to Section 7.3(B) of the Registry Agreement between the Internet Corporation for Assigned Names and Numbers (ICANN) and PIR, of a price increase for .ORG domain name registrations.

Effective on November 9, 2008, at 0:00 UTC, the fee charged for domain name initial registrations, domain name renewals, and for transferring a domain name from one ICANN-accredited registrar to another will be US\$6.75 per domain registration year.

As always, please feel free to contact me should you have any questions.

Best regards,

.ORG, The Public Interest Registry
