Subject: ICANN Registrar Naming Services portal demonstration and live Q & A

Dear Registrar Primary Contact and Family Group Admins,

ICANN org released the initial version of the Naming Services portal for registrars on 26 March 2018. This version provides registrar primary contacts and family group administrators access to the Naming Services portal along with limited read-only access to ICANN Contractual Compliance ticket information.

We invite you to attend either of the following two webinars on 26 April 2018. These webinars will provide a demonstration of the Naming Service portal capabilities, and participants will have the opportunity to give feedback and ask questions directly to the product team. A recording of the webinar will be made available for future reference.

Webinar Details & How to Attend
Date: 26 April 2018
Time: 0000-0100 UTC (Click here to view time zone converter)
