Subject: Removal of inactive Centralized Zone Data Service accounts

Dear Recipient,

Today, **28 January 2019**, the ICANN organization introduced an updated portal for the Centralized Zone Data Service (CZDS) at <https://czds.icann.org/> [czds.icann.org].

Your email address was previously registered with CZDS and associated with an end-user account. However, because you have not logged in to CZDS since 1 January 2018 your account is now considered inactive. As such, your account and any associated access to zone files has been removed from the CZDS service.

The plan to remove inactive CZDS accounts was conveyed in email communications sent to all users in November and December 2018. If you wish to use the ICANN CZDS service in the future you can create a new account by navigating to the above URL.

If you have any questions, please contact ICANN Global Support at globalsupport@icann.org.

Kind Regards,

Dean Edwards
Senior Product Manager
ICANN Engineering & Information Technology
