Section I: General Overview and Next Steps

The Korean community formed the Korean Generation Panel (GP), which developed a proposal for Korean Script Root Zone Label Generation Rules (RZ-LGR). As per the [LGR Procedure](#), the proposal was posted for a second Public Comment to allow those who have not participated in the Korean GP to make their views known. Based on the community feedback from [the first Public Comment](#) proceeding, the GP further updated the proposal ([Proposal](#), [Supporting Document](#), and [Appendices](#)) prior to releasing it for a second round of Public Comment.
