Proposed Service

Name of Proposed Service:

Addition of IDNs to .SHOPPING

Technical description of Proposed Service:

Over Keep, LLC ("Over Keep") would like to remove certain IDNs and add other IDNs in order to standardize the languages available for registration in Donuts-operated TLDs.

Specifically, Over Keep proposes to remove Cyrillic, Italian, and Portuguese and add Chinese from the list of approved language scripts under Exhibit A; Section 4. Donuts anticipates launching additional IDNs across all of its TLDs in the coming months.

The Chinese IDN table will be submitted through the GDD portal for ICANN's review. Note that this table has been previously provided to and approved by ICANN and have passed Pre-Delegation Testing for <.> (games) and many other currently operating TLDs.

Consultation

Please describe with specificity your consultations with the community, experts and or others. What were the quantity, nature and content of the consultations?:

Donuts reviewed the multitude of IDNs offered by legacy TLD registry operators.

a. If the registry is a sponsored TLD, what were the nature and content of these consultations with the sponsored TLD community?:

N/A

b. Were consultations with gTLD registrars or the registrar constituency appropriate? Which registrars were consulted? What were the nature and content of the consultation?:

N/A

d. Were consultations with end users appropriate? Which groups were consulted? What were the nature and content of these consultations?:

N/A

e. Who would endorse the introduction of this service? What were the nature and content of these consultations?:

Donuts has been informed by registrars that registrants across the world will welcome the addition of IDNs to the portfolio of Donuts-operated TLDs. Registrars will appreciate standardization of the IDNs available for registration in Donuts-operated TLDs.

f. Who would object the introduction of this service? What were(or would be) the nature and content of these consultations?:

Donuts sees no reason why a constituency group would object to offering registration of domain names in these languages.

Benefits of Service

Describe the benefits of the Proposed Service:

Standardization of the IDNs available for registration across Donuts-operated TLDs.

Competition

Do you believe your proposed new Registry Service would have any positive or negative effects on competition? If so, please explain.:

Allowing Donuts to provide the same IDNs across its TLDs allows us to compete in the global market. Note that legacy TLD registry operators have been permitted to offer IDNs for their TLDs without the need for an official RSEP.

How would you define the markets in which your proposed Registry Service would compete?:

These languages will be made available in markets across the world.

What companies/entities provide services or products that are similar in substance or effect to your proposed Registry Service?:

Legacy TLD registry operators permit IDN registration in their TLDs. A list can be found on the IANA website: <http://www.iana.org/domains/idn-tables>.

In view of your status as a registry operator, would the introduction of your proposed Registry Service potentially impair the ability of other companies/entities that provide similar products or services to compete?:
