

**AFFIRMATION OF COMMITMENTS
ACCOUNTABILITY AND TRANSPARENCY REVIEW TEAM
SELECTION FACTORS**

I fully share arguments which were put forward by Co-Selector Peter Denge Thrusch in his notes.

In addition to that I would like point out that the endorsement of candidates by the Supporting Organisations and Advisory Committees played important role in my decisions.

Lessons learned during this process I will take into account for the next selection processes where I will be involved as Co-Selector.
