3. Identity any financial ownership or senior management/leadership interest in registries, registrars or other firms that are interested parties in ICANN policy or any entity with which ICANN has a transaction, contract, or other arrangement

From 2000-2009, I was Director of Legal and Policy at Nominet, the .uk domain name registry.

Current clients are involved in the ICANN process, and as such are interested parties in ICANN policy.

4. Identity any type of commercial interest in ICANN policy development outcomes. Do you represent other parties in any PDP or other ICANN related processes?

At the current time, I have no commercial interest in ICANN policy development outcomes, save that changes in the ICANN environment give rise to consulting opportunities.
