Internet Corporation for Assigned Names and Numbers

29 July 2004

Mr. Richard Tindal
Vice President, Registry Services
NeuLevel, Inc.
46000 Center Oak Plaza
STERLING VA 20166

Dear Richard,

On behalf of ICANN, I am honored to authorize NeuLevel to deploy Internationalized Domain Names (IDNs) on the basis of its commitment to adhere to the "Guidelines for the Implementation of Internationalized Domain Names, Version 1.0". In working so diligently to achieve consensus on these Guidelines with other key IDN registries, NeuLevel has demonstrated its leadership in helping to achieve practical solutions to the many technical and operational challenges that IDN deployment poses.

NeuLevel's leadership is a model of promoting the coordination of the domain-name system in the public interest, which is a vital aspect of missions of both ICANN and NeuLevel.

Accordingly, on behalf of ICANN and acting under ICANN Board resolution 03.48, NeuLevel is hereby granted written approval for the deployment of IDNs in compliance with the provisions of the "Guidelines for the Implementation of Internationalized Domain Names, Version 1.0", including by using tagged domain names beginning with "xn--" as specified in Appendix K of the Registry Agreement between NeuLevel and ICANN.

ICANN looks forward to supporting the efforts of NeuLevel and others to promote the responsible deployment of IDNs based on the principles stated in the Guidelines.

Kind regards,

Paul Twomey
President and CEO
