Re: RIR distribution of "various registries" address space  
Date: 29 January 2008 2:30:25 am

Hi Paul,

Thank you very much for sharing this information with us.

Neither David nor I will be at the ICANN meeting in New Delhi so I'd like to ask the two questions that I think are most important by e-mail. Firstly, can you let us know from when the RIRs will begin allocating from this address space? Secondly, do you have a more detailed document showing which of the currently unallocated blocks in these /8s will be managed by which RIRs?

Many thanks,

Leo
