# Welcome to ICANN52

I'd like to personally thank you for joining us for ICANN52 in Singapore; we are delighted that you are covering our meeting.

The spirit of ICANN is found in the dialogue and debate that occurs during each of these meetings, and ICANN52 will be no different. This is a wonderful opportunity to see the community in action and watch how the future of the Internet unfolds.

I highly encourage you to explore the online schedule and select a few sessions of interest to you. No matter which one you attend, you'll witness the passion and excitement that fuels these meetings.

If you're unsure of which sessions to attend, we've selected a few that journalists will find interesting. You can find a copy of this document ("Events of Journalistic Interest") on the online press kit or on the flash drive you've been provided. If you need any assistance whatsoever, join us in the press room - it's located in the Bonham Room of the Raffles City Convention Center.

Again, thank you for your interest in covering our 52nd public meeting. Please don't hesitate to contact us if we can be of any assistance to you. Our contact information has been provided to the left, for your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Liana Teo", is written over a white rectangular box.
