

CSC Findings of IANA Naming Function Performance Report for the Month of December 2023

Date: 24 January 2024

Overall finding

The CSC completed review of the December 2023 IANA Naming Function Performance Report and finds that PTI's performance for the month was:

Excellent – PTI's performance over December 2023 was 100%. PTI met all 64 of the currently defined thresholds. The current list of thresholds is included in PTI's performance report.

Metrics that the CSC is tracking closely

Currently, there are no metrics requiring close tracking.

SLA metrics that are in the process of being changed

Currently, there are no SLAs in the process of being changed.

Report of escalations

One new escalation was received during the reporting period. The CSC has discussed the escalation and determined that it is not a persistent performance issue associated with the provisioning of the IANA naming services.
