Internet Corporation for Assigned Names and Numbers ("ICANN")

Attention: New gTLD Program Staff

RE: Application for .Brand TLD Designation for .CBS

CBS Domains Inc. ("Registry Operator"), in connection with the execution of the Registry Agreement for the .CBS TLD (the "Registry Agreement"), hereby applies for the .CBS TLD to be qualified by ICANN as a .Brand TLD.

Pursuant to Specification 13, ".Brand TLDs" are TLDs where:

- (i) the TLD string is identical to the textual elements protectable under applicable law, of a registered trademark valid under applicable law, which registered trademark:
 - a. is recorded with, and issued a signed mark data file by, the Trademark Clearinghouse or any successor or alternative trademark validation authority appointed by ICANN, if such trademark meets the eligibility requirements of such validation authority (provided that Registry Operator is not required to maintain such recordation for more than one year);
 - b. is owned and used by the Registry Operator or its Affiliate in the ordinary course of Registry Operator's or its Affiliates' business in connection with the offering of any of the goods and/or services claimed in the trademark registration;
 - c. was issued to Registry Operator or its Affiliate prior to the filing of its TLD registry application with ICANN;
 - d. is used throughout the Term continuously in the ordinary course of business of Registry Operator or its Affiliate in connection with the offering of any of the goods and/or services identified in the trademark registration;
 - e. does not begin with a period or a dot; and
 - f. is used by Registry Operator or its Affiliate in the conduct of one or more of its businesses that are unrelated to the provision of TLD Registry Services; and
- (ii) only Registry Operator, its Affiliates or Trademark Licensees are registrants of domain names in the TLD and control the DNS records associated with domain names at any level in the TLD;
- (iii) the TLD is not a Generic String TLD (as defined in Specification 11); and
- (iv) Registry Operator has provided ICANN with an accurate and complete copy of such trademark registration.

The .CBS TLD qualifies as a .Brand because the TLD string, "CBS" is identical to the textual element of United States Trademark Registration number 2,758,242 for CBS, registered in connection with "Entertainment services namely production and distribution of comedy shows, musical shows, drama shows, reality shows, game shows, news shows, public affairs shows, live musical concerts, motion pictures; comedy, musical, dramatic, and reality series, documentaries, sports events before live audiences which are broadcast live or taped for

later broadcast, and other attractions rendered through the media of television; providing information in the field of entertainment relating to comedy shows, musical shows, drama shows, reality shows, game shows, news shows, public affairs shows, live musical concerts, motion pictures; comedy, musical, dramatic, and reality series, documentaries, sports events before live audiences which are broadcast live or taped for later broadcast, and other attractions rendered through the media of television via a global computer network” (“Registered Services”) and recorded in the Trademark Clearinghouse as SMD Identification number [REDACTED] (the “CBS Trademark”). The CBS trademark is owned by CBS Broadcasting Inc. (“CBS Broadcasting”). CBS Broadcasting is an Affiliate of Registry Operator in that both are under the common control of their parent entity, CBS Corporation.

CBS Broadcasting is an entertainment company that has continuously owned the CBS trademark for over 80 years, since at least 1933, and during that time it has continuously used the CBS Trademark in the ordinary course of its business in connection with a variety of entertainment services, including the Registered Services, all of which are unrelated to the provision of TLD Registry Services. Attached as Exhibit D is printout of the CBS Broadcasting website at <http://www.cbs.com>, which prominently features the CBS Trademark and shows such use.

The CBS Trademark registration was issued to CBS Broadcasting on September 2, 2003, long before the filing of the registry application for the .CBS TLD, Application ID 1-869-11721, which was filed on June 13, 2012. The CBS Trademark does not begin with a period or dot and is not a Generic String as defined in Specification 11 to the Registry Agreement because it does not describe a general class of goods, services, groups, organizations or things, but rather is a famous and highly regarded brand associated with CBS Broadcasting and distinguishes the entertainment services namely production and distribution of comedy shows, musical shows, drama shows, reality shows, game shows, news shows, public affairs shows, live musical concerts, motion pictures; comedy, musical, dramatic, and reality series, documentaries, sports events before live audiences which are broadcast live or taped for later broadcast, and other attractions rendered through the media of television; providing information in the field of entertainment relating to comedy shows, musical shows, drama shows, reality shows, game shows, news shows, public affairs shows, live musical concerts, motion pictures; comedy, musical, dramatic, and reality series, documentaries, sports events before live audiences which are broadcast live or taped for later broadcast, and other attractions rendered through the media of television via a global computer network, offered by CBS Broadcasting from similar services provided by others.

As set forth in the attached registration policy, only Registry Operator, its Affiliates or Trademark Licensees will be allowed to be registrants of domain names in the .CBS TLD or control the DNS records associated with domain names at any level in the .CBS TLD.

Registry Operator confirms and represents to ICANN that the TLD meets each of the criteria for the TLD to be qualified as a .Brand TLD, as described in the .Brand TLD Application Process and Specification 13 attached thereto, and that all supplemental material accompanying this application is accurate and not misleading in any respect. Registry Operator also represents that the trademark registration attached hereto as Exhibit A, the registration policies attached hereto as Exhibit B, and the SMD file ID number attached hereto as Exhibit C are complete and accurate copies of the official trademark registration,

Registry Operator's registration policies for the TLD, and the SMD file ID for the TLD for which this application is submitted respectively.

Registry Operator agrees that if Registry Operator makes any changes to its registration policies for the TLD (whether before or after this application has been approved) that may disqualify the TLD as a .Brand TLD, it will promptly provide ICANN with a complete and accurate copy of the revised registration policies. In addition, if Registry Operator fails to maintain the trademark registration underlying its .Brand TLD application, it shall promptly notify ICANN of such failure. Registry Operator also agrees to maintain the criteria required to qualify as a .Brand TLD and to immediately notify ICANN of any changes in circumstances that could alter the statements made, and supporting materials provide with, this application.

Registry Operator acknowledges and agrees that this letter is binding on Registry Operator and, if any of the foregoing representations and agreements becomes untrue or not complied with, it shall be deemed a breach of the Registry Agreement by Registry Operator, and ICANN may assert its rights under the Registry Agreement, including by determining that the TLD no longer qualifies as a .Brand TLD pursuant to the terms of Specification 13. Questions about this request should be directed to [REDACTED], Senior Vice President Associate General of Applicant.

This .CBS Domain Name Registration Policy (.CBS Domain Policy) sets out the terms and conditions governing the registration and use of domain names in the .CBS Top Level Domain.

The .CBS Domain Policy may be updated periodically by the Registry Operator, without prior notice. The current version can be found at *policy.CBS*, and continued registration or use of a .CBS domain name after any update constitutes acceptance of the current version. The only remedy in case of any disagreement with the then-current terms of the .CBS Domain Policy is to cancel or cease use of your second level domain name registration(s). Any notice of a disagreement with the then-current terms of the .CBS Domain Policy will constitute a request for cancellation of the notifying party's second level domain name registration(s).

In the event a rapid takedown process is initiated, after assessment by CBS, the Registrar may be contacted for its cooperation in taking the subject domain name down (by locking or suspending the domain name, or placing it on hold or deleting it), unless a compelling argument is provided by the Registrant to CBS on which basis the subject domain name may remain in the zone. In either event, if the Registrant has not reacted within 12 hours of CBS's request, CBS may place the subject domain name on "ServerHold" or any other status it deems necessary or appropriate. If CBS determines that the subject domain name is being used to threaten the stability or security of the .CBS Top Level Domain or is a part of a real-time investigation by law enforcement, CBS reserves the right to immediately remove the subject domain name from the zone, in which case CBS will inform the Registrant of such action being taken.

If CBS identifies security risks that pose an actual risk of harm, it will notify the Registrar and/or if the registrar does not take immediate action, CBS may suspend the domain name until the matter is resolved.

CBS or its delegate may remove orphan glue records (see www.icann.org/en/committees/security/sac048.pdf) when provided with written evidence that such records are present in connection with malicious conduct.

(i) UDRP

By registering a second level .CBS domain name, you agree to the applicability of the Uniform Domain Name Dispute Resolution Policy (UDRP); the UDRP policy and rules are located at: www.icann.org/dndr/udrp/policy.htm.

The remedies available for a successful complaint under the UDRP are cancellation or transfer of the domain name to the UDRP filing complainant. In the event of a UDRP decision concerning a .CBS domain name, ordering transfer of a domain name to a UDRP complainant, any such transfer can only occur if the prevailing UDRP complainant meets all requirements of the .CBS Domain Policy including as to eligibility. In the event a prevailing UDRP complainant does not meet the conditions of the .CBS Domain Policy including as to eligibility, notwithstanding any UDRP transfer order, CBS will cancel the subject domain name registration. At CBS's sole discretion, such cancelled domain name registration may be placed on a "reserved" or "non-resolving" list, or may be made available for registration under the terms of the .CBS Domain Policy.

(i) URS

By registering a second level .CBS domain name, you agree to the applicability of the Uniform Rapid Suspension system (URS); the URS policy and rules are located at: <http://newqtlds.icann.org/en/applicants/urs>.
