REQUEST FOR RELEASE OF LETTER/LETTER TWO-CHARACTER ASCII LABELS

To request the release of Letter/Letter two-character ASCII labels at the second level, this form must be completed by the Registry Primary Contact and submitted as an attachment as a case in the GDD Portal (https://gddportal.icann.org). The Registry Primary Contact may submit a single request for multiple TLDs provided that (1) it is the Registry Primary Contact for all TLDs in the request AND (2) the label(s) being requested for release is identical across all the TLDs identified below. If submitting a request for more than five (5) TLDs, please enter "multiple TLDs" in the "TLD(s)" section of Step 1 below and include a list of TLDs with their corresponding Registry Operator legal entity name (as identified in the Registry Agreement or any subsequent Assignment thereof, if applicable) as a separate attachment to this form. All requests for release are subject to ICANN's review and approval. Any approval related to this

req	uest wi	ll not be effectiv	e until communicated to you by ICANN in writing.
			he process to request release of letter/letter two-character ASCII labels, pleas resources/pages/two-character-authorization.
Ste	p 1: Pl	ease provide the	requested information below.
	TLD(s):	
		egal Name of the cry Operator:	ie
Ste		ease specify which	ch letter/letter two-character ASCII labels you would like to release (check
	All letter/letter two-character ASCII labels		
			letter two-character ASCII labels as specified in attached chart (Please endix A by removing all labels that you do <i>NOT</i> wish to request.)
Ste	Ag		inued compliance with all other terms and conditions of the Registry confirm the following is understood as it relates to the authorization of release or ASCII labels:
			tor will implement measures to avoid confusion with the corresponding pursuant to Section 2 of Specification 5 of the Registry Agreement; and
		referenced in S	tor acknowledges that any two-character ASCII label included on the list Section 6 of Specification 5 of the Registry Agreement may not be activated in nay not be released for registration to any person or entity other than Registry
