RE: Application for .Brand TLD Designation

Richemont DNS Inc. (“**Registry Operator**”), in connection with the execution of the Registry Agreement for the .MRPORTER TLD (the “**Registry Agreement**”), hereby applies for .MRPORTER TLD to be qualified by ICANN as a .Brand TLD.

THE NET-A-PORTER GROUP LIMITED (“**THE NET-A-PORTER GROUP**”) consists of NET-A-PORTER.COM, the world’s premier online luxury fashion retailer for women, THEOUTNET.COM, the most fashionable fashion outlet, and MRPORTER.COM, the global retail destination for men’s style (“**MR PORTER**”).

Since launching in February 2011, MR PORTER has quickly established itself as the global retail destination for men’s style, combining the best international menswear with award-winning editorial content. The site sells over 160 leading international brands, with content and new products added weekly. MR PORTER delivers to 170 countries with same day delivery in London and Manhattan.

THE NET-A-PORTER GROUP’s ultimate parent company is Compagnie Financière Richemont S.A. (“CFR”), a Swiss luxury goods holding company, which was created in 1988. This application is being made by the Registry Operator on behalf of THE NET-A-PORTER GROUP, including MR PORTER.

Registry Operator confirms and represents to ICANN that the TLD meets each of the criteria for the TLD to be qualified as a .Brand TLD, as described in the .Brand TLD Application Process and Specification 13 attached thereto, and that all supplemental material accompanying this application are accurate and not misleading in any respect.

Specifically:

- The MRPORTER string is identical to the textual elements of the MR PORTER trademark, registered in the European Community, namely, European Community Registration No. [REDACTED];
- The MR PORTER trademark is recorded with, and has been issued a signed mark data file by, the Trademark Clearinghouse;
- The MR PORTER trademark is owned by Net-a-Porter Limited, an affiliate of Registry Operator and of THE NET-A-PORTER GROUP, is used by Net-a-Porter Limited in the ordinary course of business, and was issued to Net-a-Porter Limited prior to the filing by Registry Operator of the TLD registry application for .MRPORTER;

- The MR PORTER mark does not begin with a period or a dot and is used by Net-a-Porter Limited in the conduct of one or more businesses that are unrelated to the provision of TLD registry services;
- Only Registry Operator and its Affiliates or Trademark Licensees will be registrants of domain names in the .MRPORTER TLD and control the DNS records associated with domain names at any level in the .MRPORTER TLD; and
- The .MRPORTER TLD is not a Generic String TLD (as defined in Specification 11).

Registry Operator also represents that the trademark registration attached hereto as Exhibit A and the registration policies attached hereto as Exhibit B are complete and accurate copies of the official trademark registration and Registry Operator's registration policies for the TLD, respectively.

An exemption of the Code of Conduct for the .MRPORTER TLD is appropriate because: (i) all domain name registrations in the TLD will be registered to, and maintained by, Registry Operator for the exclusive use of Registry Operator, its Affiliates, or Trademark Licensees (as defined by Paragraph 6.2 of Specification 13), (ii) Registry Operator will not sell, distribute or transfer control or use of any registrations in the TLD to any third party that is not an Affiliate of Registry Operator or a Trademark Licensee, and (iii) application of this Code of Conduct to the TLD is not necessary to protect the public interest.

Registry Operator agrees that if Registry Operator makes any changes to its registration policies for the TLD (whether before or after this application has been approved) that may disqualify the TLD as a .Brand TLD, it will promptly provide ICANN with a complete and accurate copy of the revised registration policies. In addition, if Registry Operator fails to maintain the trademark registration underlying its .Brand TLD application, it shall promptly notify ICANN of such failure. Registry Operator also agrees to maintain the criteria required to qualify as a .Brand TLD and to immediately notify ICANN of any changes in circumstances that could alter the statements made, and supporting materials provide with, this application.

Registry Operator acknowledges and agrees that this letter is binding on Registry Operator and, if any of the foregoing representations and agreements becomes untrue or not complied with, it shall be deemed a breach of the Registry Agreement by Registry Operator, and ICANN may assert its rights under the Registry Agreement, including by determining that the TLD no longer qualifies as a .Brand TLD pursuant to the terms of Specification 13. Questions about this request should be directed to Lorna Gradden.

Rapid Takedown Process

In furtherance of Registry Operator’s efforts aimed at abuse prevention and mitigation, or where it appears that a .MRPORTER domain name is being used to threaten the stability or security of the .MRPORTER Top-Level Domain or is a part of a real-time investigation by law enforcement, Registry Operator may, either on its own initiative or at the request of a third party, initiate a rapid takedown process.

In the event a rapid takedown process is initiated, after assessment by Registry Operator, the Registrar may be contacted for its cooperation in taking the subject domain name down (by locking or suspending the domain name, or placing it on hold or deleting it), unless a compelling argument is provided by the Registrar to Registry Operator on which basis the subject domain name may remain in the zone. In either event, if the Registrar has not reacted within 12 hours of Registry Operator’s request, Registry Operator may place the subject domain name on “ServerHold” or any other status it deems necessary or appropriate. If Registry Operator determines that the subject domain name is being used to threaten the stability or security of the .MRPORTER Top-Level Domain or is a part of a real-time investigation by law enforcement, Registry Operator reserves the right to immediately remove the subject domain name from the zone, in which case Registry Operator will inform the Registrar of such action being taken.

Abuse Prevention and Mitigation

Registry Operator will not tolerate abusive or malicious conduct (including illegal or fraudulent actions, spam, phishing, pharming, distribution of malware, malicious fast flux hosting, botnets, distribution of illegal images, online sale or distribution of illegal pharmaceuticals or counterfeit products) in the .MRPORTER Top-Level Domain. In addition to any monitoring Registry Operator may undertake to prevent abusive or malicious conduct, Registry Operator has established an Abuse Point of Contact for handling complaints or concerns related to any such conduct, which shall also include investigation of and a response to any reports from law enforcement and

In the event of any suspected abusive or malicious conduct or violation of this .MRPORTER Domain Policy or any applicable laws, Registry Operator may suspend or lock your domain name registration pending resolution of any such suspected violation. Registry Operator may also initiate a rapid takedown process to handle such complaints or suspected violations.

While respecting privacy and confidentiality, Registry Operator may periodically conduct technical analyses to assess whether domain names in the .MRPORTER Top-Level Domain are being used to perpetrate security threats, such as pharming, phishing, malware, or botnets; Registry Operator may provide such analysis to third parties in its sole discretion. If Registry Operator identifies security risks that pose an actual risk of harm, it will notify the Registrar and, if the Registrar does not take immediate action, Registry Operator may cancel the domain name or suspend it until the matter is resolved.

Registry Operator or its authorised service provider may remove orphan glue records (see www.icann.org/en/committees/security/sac048.pdf) when provided with written evidence that such records are present in connection with malicious conduct.

Abuse Point of Contact & Notices

Inquiries, whether from law enforcement or the general public, related to alleged abusive or malicious conduct in the .MRPORTER Top-Level Domain should be directed to the .MRPORTER Abuse Point of Contact. Complaints may also concern WHOIS information accuracy, or concerns that a .MRPORTER domain name registration is being used to facilitate or promote malware, operation of botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise to engage in activity contrary to applicable law.

The .MRPORTER Abuse Point of Contact and any other notices can be sent by e-mail to: [REDACTED] or by mail at: Registry Operator, c/o .MRPORTER Registry Operator, [REDACTED], or by phone as provided on registration.

You also agree that ICANN may conduct WHOIS verification and checks on a statistically significant basis to identify registrations with deliberately false, inaccurate or incomplete WHOIS data at least twice a year which may result in the Registrar contacting you to solicit accurate and complete WHOIS contact information, and that reports of such verification may be provided to third parties at the Registry Operator's sole discretion.

Applicable Law & Disputes

This .MRPORTER Domain Policy shall be governed by and construed in accordance with the laws of Switzerland, without reference to conflict of laws provisions. Any dispute, controversy or claim arising out of or in relation to this .MRPORTER Domain Policy, including the validity, invalidity, breach or termination thereof, shall be adjudicated or arbitrated in accordance with this .MRPORTER Domain Policy.

All disputes between you and a third party concerning that third party's rights shall be handled according to the terms of the UDRP or URS (see Registration Terms & Conditions), court, or other appropriate adjudicatory system.

(i) UDRP

By registering a .MRPORTER domain name, you agree to the applicability of the Uniform Domain Name Dispute Resolution Policy (UDRP); the UDRP policy and rules are located at: <http://www.icann.org/en/help/dndr/udrp>.

The UDRP is an out-of-court dispute resolution procedure for adjudicating a claim by a third party that your registration and use of a .MRPORTER domain name infringes their trademark rights, i.e., your domain name registration is identical or confusingly similar to a trademark in which the third-party complainant has rights, you have no rights or legitimate interests in the domain name, and your registration and use of the domain name are in bad faith. A successful UDRP proceeding would normally result in either the cancellation or transfer of a domain name registration to the UDRP complainant.

In the event of a UDRP decision concerning a .MRPORTER domain name ordering transfer of a domain name to a UDRP complainant, any such transfer can only occur if the prevailing UDRP complainant meets all requirements of this .MRPORTER Domain Policy including as to eligibility. In the event a prevailing UDRP complainant does not meet the conditions of this .MRPORTER Domain Policy including as to eligibility, notwithstanding any UDRP transfer order, Registry Operator will cancel the subject domain name registration. At Registry Operator's sole discretion, such cancelled domain name registration may be placed on a "reserved" list, or may be made available for registration under the terms of this .MRPORTER Domain Policy.

(ii) URS

By registering a .MRPORTER domain name, you agree to the applicability of the Uniform Rapid Suspension system (URS); the URS policy and rules are located at: <http://newgtlds.icann.org/en/applicants/urs>.

The URS is an out-of-court dispute resolution procedure similar to the UDRP for adjudicating a claim by a third party that your registration and use of a .MRPORTER domain name infringes their trademark rights, i.e., your domain name registration is identical or confusingly similar to a trademark in which the third-party complainant has rights, you have no rights or legitimate interests in the domain name, and your registration and use of the domain name are in bad faith. A successful URS proceeding would result in the suspension or cancellation of your .MRPORTER domain name for the duration of the registration period (with the complainant having the option of paying to extend that suspension for one year).

Limitation of Liability

Nothing in this .MRPORTER Domain Policy shall operate to exclude or limit either party's liability for:

- death or personal injury caused by its negligence;
- fraud or fraudulent concealment; or
- any other liability which cannot be excluded or limited under applicable law.

Under no circumstances shall Registry Operator be liable to you (whether arising for breach of contract, misrepresentation (whether tortious or statutory), tort (including but not limited to negligence), breach of statutory duty, or otherwise) for:

- any loss of profits, business, contracts, anticipated savings, goodwill, or revenue, any wasted expenditure, or any loss or corruption of data (regardless of whether any of these types of loss or damage are direct, indirect or consequential); or
- any indirect or consequential loss or damage whatsoever arising under or in relation to this .MRPORTER Domain Policy,

even if we were aware of the possibility that such loss or damage might be incurred by you.

Under no circumstances shall the total aggregate liability of Registry Operator or its Affiliates or Trademark Licensees to you (however arising) under or in relation to this .MRPORTER Domain Policy, including (but not limited to) liability for breach of contract, misrepresentation (whether tortious or statutory), tort (including but not limited to negligence), breach of statutory duty, or otherwise, exceed a sum equal to one hundred percent (100%) of the total domain name registration fees paid by you to register the domain name under which the liability of Registry Operator has arisen.

Indemnity

You agree to indemnify and keep the Registry Operator and its respective Affiliates, Trademark Licensees, officers, directors, advisers, agents, employees, successors and assigns indemnified at all times from and against any and all Losses which are suffered by, or are brought or threatened against, the Registry Operator and its respective Affiliates, Trademark Licensees, officers, directors, advisers, agents, employees, successors and assigns as the case may be, arising out of or in connection with use of the .MRPORTER Domain Policy for:

- your breach of this .MRPORTER Domain Policy; or
- any claim relating to the infringement of a third party's intellectual property rights.

General Terms and Conditions

If any provision, or part of a provision, of this .MRPORTER Domain Policy is found to be illegal, invalid or unenforceable, that provision or part-provision shall be deemed not to form part of this .MRPORTER Domain Policy, and the legality, validity or enforceability of the remainder of the provisions of this .MRPORTER Domain Policy shall not be affected, unless otherwise required by operation of applicable law.

This .MRPORTER Domain Policy constitutes the entire agreement between you and us in relation to the registration or use of your .MRPORTER domain name, and replaces and extinguishes all prior agreements, draft agreements, arrangements, undertakings, or collateral contracts of any nature made by the parties, whether oral or written, in relation to such subject matter.

The waiver by us of a breach of any provision of this .MRPORTER Domain Policy will not operate to be interpreted as a waiver of any other or subsequent breach.

Trademark Claims Notice

For purposes of .MRPORTER Trademark Claims, Registry Operator will recognise and honour all word marks that have been or are: (i) nationally or regionally registered; (ii) court-validated; or (iii) specifically protected by a statute or treaty in effect at the time the mark is submitted to the Clearinghouse for inclusion – for purposes of Trademark Claims no demonstration of use is required.

The Registrar will provide notice to trademark owners whose marks have been validated by the Trademark Clearinghouse where a .MRPORTER domain name registration which is an exact Identical Match to their trademark is registered during the first ninety (90) days .MRPORTER registration is open for general registration.

During the Trademark Claims period, an attempt to register a domain name that is an Identical Match to a Trademark Clearinghouse-validated mark will trigger a Trademark Claims Notice (see Annex). Upon a Registrant's confirmation that they have received and understand the Trademark Claims Notice, and that to the best of their knowledge the registration and use of the requested domain name will not infringe the trademark rights listed in the Trademark Claims Notice, a request for registration will be managed by Registry Operator in accordance with this .MRPORTER Domain Policy. If, pursuant to this .MRPORTER Domain Policy, a request to register a .MRPORTER domain name which is an Identical Match to a Trademark Clearinghouse-validated mark is eligible and subsequently registered, Registry Operator or the Registrar will notify the relevant mark holders(s) of the registration.
