RE: Application for .Brand TLD Designation

Natura Cosméticos S/A ("Registry Operator"), in connection with the execution of the Registry Agreement for the .natura TLD (the "Registry Agreement"), hereby applies for .natura TLD to be qualified by ICANN as a .Brand TLD.

Registry Operator confirms and represents to ICANN that the TLD meets each of the criteria for the TLD to be qualified as a .Brand TLD, as described in the .Brand TLD Application Process and Specification 13 attached thereto, and that all supplemental material accompanying this application is accurate and not misleading in any respect. Registry Operator also represents that the trademark registration attached hereto as Exhibit A and the registration policies attached hereto as Exhibit B are complete and accurate copies of the official trademark registration and Registry Operator's registration policies for the TLD, respectively.

[Note to applicant: If an applicant's TLD does not meet the criteria for the TLD to be qualified as a .Brand TLD, please revise the foregoing paragraph accordingly and insert a detailed description of which criteria is not met and why, and the justification for the TLD to nonetheless be qualified as a .Brand TLD.]

Registry Operator agrees that if Registry Operator makes any changes to its registration policies for the TLD (whether before or after this application has been approved) that may disqualify the TLD as a .Brand TLD, it will promptly provide ICANN with a complete and accurate copy of the revised registration policies. In addition, if Registry Operator fails to maintain the trademark registration underlying its .Brand TLD application, it shall promptly notify ICANN of such failure. Registry Operator also agrees to maintain the criteria required to qualify as a .Brand TLD and to immediately notify ICANN of any changes in circumstances that could alter the statements made, and supporting materials provide with, this application.

[If applicable, insert the following: Because this application is submitted to ICANN after the delegation of the TLD to nameservers designated by the Registry Operator into the root-zone, Registry Operator represents to ICANN that all domain names that are registered in the TLD are registered to and maintained in compliance with the requirements of the .Brand TLD definition.]

Registry Operator acknowledges and agrees that this letter is binding on Registry Operator and, if any of the foregoing representations and agreements becomes untrue or not complied with, it shall be deemed a breach of the Registry Agreement by Registry Operator,

and ICANN may assert its rights under the Registry Agreement, including by determining that the TLD no longer qualifies as a .Brand TLD pursuant to the terms of Specification 13. Questions about this request should be directed to [Registry Operator to provide].
